+ WHY BUY A HUSQVARNA RIDER

SUPERIOR MANOEUVRABILITY
Husqvarna's articulated steering system allows the rear wheels to swing underneath the machine resulting in superior manoeuvrability with a minimum turning radius at full lock.

MOWING ACCESSIBILITY
The front-mounted cutting deck has a low profile that allows you to cut close to edges, reach into corners and mow under bushes with ease.

COMFORTABLE DRIVE
With a Rider you get safety, stability and traction. The Rider's low centre of gravity contributes to the exceptional traction as well as a comfortable 'sit-in' feeling for the operator.

ALL WHEEL DRIVE
Automatically adjust the traction on all wheels depending on the situation and the ground condition. Available on selected models only.

HUSQVARNA RIDER
ANNIVERSARY
1987-2017
